Dear Mr. Kaye:

Thank you for working with us, helping us, and giving us your valuable time and a place to practice in preparing those recorder numbers for the Arizona State Music Teacher's Association meeting at Tempe.

Judging by the comments I heard later the performance was successful in spite of the crudities of us amateurs. Several were quite interested and you just might get a few recruits.

I doubt you saw the sheets that were passed out, so here are a couple of samples.

Sincerely yours,

Victor H. Baumann
